

**ORTHODONTIC
PARTNERS™**

Welcome Pearson Orthodontics

Join us in welcoming Pearson Orthodontics to the Orthodontic Partners team! Serving the Twin cities metro area, Pearson Orthodontics is the 20th practice to join OP, and the third practice from Minnesota.

Founded by Dr. Lloyd Pearson, Pearson Orthodontics has been crafting smiles in their community for over 63 years. Dr. Bradley Pearson practiced alongside his father for many years, and is proud to carry on his father's legacy today. "Orthodontic Partners excites me because it allows me to collaborate with like-minded Orthodontists who have excellent reputations. Additionally, I wanted to continue to uphold a superior level of care for my patients, which Orthodontic Partners promotes," says Dr. Pearson.

Dr. Pearson — a member of the Midwest Edward H. Angle Society of Orthodontists — specializes in interceptive orthodontics. He received his undergraduate degree from Gustavus Adolphus College, his dental degree from the University of Minnesota, and his specialty in orthodontics from the University of Iowa. In 1999, Dr. Pearson and his father won the Dewel Award for the Best Clinically Based Research Article of the Year published in the American Journal of Orthodontics and Dentofacial Orthopedics.

Dr. Pearson and his team are a fantastic addition to the OP family, and we hope you join us in extending them a warm welcome!
